WEDDING

STORYTELLERS

Rolling Pictures has been documenting weddings for the last 5 years. From the valleys of Caerphilly, to the beaches of Croatia, the hustle and bustle of the London streets or the quiet corners of the Cotswolds, no two weddings have been the same and thats what we love.

At it's core, Rolling Pictures is made up of two Bristol boys, both who have a love for creating stories through film. Since our early days at school, we have explored many avenues of photography and film making and in the process, discovered that nothing captures our artistry better than a wedding. Conner and I feel privileged to be a part of every wedding we get to attend as they allow us to capture a couple's story; one that is unique and special.

Please take a second to get to know a bit more about us and hear what our clients have to say.

Hi Im Alex and I am a creative UK based and destination wedding photographer. Based in Bristol, I shoot weddings throughout the UK, but have also been fortunate to shoot in places such as New Zealand and Croatia. I shoot a mixture of documentary and reportage wedding photography as well as fine art photography whenever I see the chance! If you would like to know more about how I shoot weddings and think I could be right for yours, reach out!

Over a cuppa is always preferred!

CONNER FOLEY

WEDDING VIDEOGRAPHER

A man with a beard and mustache, wearing a white shirt, a blue vest, and a blue tie, is holding a professional camera with a large lens. He is looking to the right with a slight smile. Overlaid on the image is a cartoon illustration of a bride in a white dress with a necklace and a groom in a blue suit and tie. The background is a blurred wooden wall.

Join me on my journey to create something timeless...

Hello there! I'm Conner

My background as a filmmaker is diverse, from sporting content with Sky to music videos with boybands, but fundamentally my passion is in finding stories that move me.

A wedding is a culmination of years of story telling. From your first date all the way to the day he got down on one knee. It is my privilege to hear each sub plot that has got you to this point and to tell your love story to the world.

I was overwhelmed with emotion after watching my wedding video made by Rolling Pictures. I am not one to leave a review, but felt compelled to comment after they did such a good job of making my wedding memories last forever. Thank you so much for capturing every single special and precious moment, from our guests, to our daughter, to our wedding ceremony itself.
